### **Additional Agenda**

#### **Case no. 01**

**(Shri Kirit Manharlal Mausuria, Authorized Signatory of M/s J.P.Iscon Pvt. Ltd., C/o. Dholariya Design(Jagdish Bhikhabhai Patel), C/17, 2nd Floor, Padmavati Flat, Nr. Narannagar Bus Stop, Above Mukesh Bhaji Pav, Naroda, Ahmedabad-382330, Gujarat)**

A meeting was held in the chamber of Hon'ble Culture Minister in the presence of Mayor of Surat Municipal Corporation and Deputy Commissioner, Surat, Municipal Corporation. The applicant agreed to accept the maximum height of the existing buildings in the surrounding i.e 35.00 mtrs all inclusive.

In view of the above the case is recommended on the basis of review Petition submitted by Commissioner with the maximum height of 35 mtr (inclusive all) particularly keeping in view the fact that 1304 slum-dweller families are adversely affected due to delay in the project and the fact that the Heritage Impact Assessment Report does not mention any adverse impact on the monument. The applicant should submit a revised building plan with the total height restricted to 35 mtrs (including mumty, parapet, water storage tank, lift room etc) for approval of NMA.

#### **Case no. 02**

No. 3, Paldi Village, Ahmedabad, Gujarat; with floor area of GF=89.64 sqm & FF=89.20 sqm.

**'M/s NCRTC through its Group Manager Shri Rajiv Sinha, Group General Manager for construction of Tunnel and underground stations'.**

- a) Mitigation measures to be taken care of at the time of construction.
- b) The whole work should be done under the supervision of ASI.
- c) A Joint Committee shall be set up under the Chairmanship of the Regional Director (North) of Archaeological Survey of India (ASI) which will include technical experts from CRRRI and IITD and officers of RRTS. This Committee shall monitor the proposed works and shall ensure all possible measures which are required to be taken for the safety of the 14 monuments in question. A monthly report on the progress of the project shall be submitted to NMA and Director General, ASI.
- d) Threat to the historic monuments during various stages of construction/post construction is the concern expressed repeatedly, as also the need to monitor this effectively on real time basis for this purpose NCRTC shall install monitoring equipments on all protected monuments along the proposed route capable of measuring vibrations, structural impacts when the construction activities are on and during the digging operations. This should be done in association with the proposed joint committee.
- e) The facades of entry and exit points shall be in consonance with the art and architecture of the respective nearest protected monuments.
- f) The entry/exit points falling on the proposed rout should have special photo galleries/maps and information kiosks promoting the heritage and history of Delhi monuments.
- g) Necessary sanction prior to carrying out the proposed construction, may be obtained as per the local laws from the local Authorities.
- h) A certificate will be submitted to Competent Authority on completion of proposed construction that all the conditions of the permission have been compiled with.
- i) NCRTC shall support, cooperate and participate in all activities and programmes of ASI, which are helpful in preservation, conservation, security, up-keep and maintenance of the protected monuments of the locality.
