ANNEXURE

This recommendation is subject to the following terms and conditions:

- (i) A Joint Committee shall be set up under the Chairmanship of the Regional Director (West) of Archaeological Survey of India (ASI) which will include technical experts from College of Engineering Pune and officers of Pune Metro Rail Corporation Ltd. This Committee shall monitor the proposed works and shall ensure all possible measures which are required to be taken for the safety of the 2 monuments in question. A monthly report on the progress of the project shall be submitted to NMA and Director General, ASI.
- (ii) Threat to the historic monuments during various stages of construction/post construction is the concern expressed repeatedly, as also the need to monitor this effectively on real time basis. For this purpose Pune Metro Rail Corporation Ltd shall install monitoring equipments on all protected monuments along the proposed route capable of measuring vibrations, structural impacts when the construction activities are on and during the metro operations. This should be done in association with the proposed joint committee.
- (iii) Pune Metro Rail Corporation Ltd. should set up a separate fund for the purpose of heritage promotion and campaigning for the cause of heritage; this should be used for facilitation centers, establishing small museums of display units, to display the archaeological remains found, if any, during the construction activity, developing facilities or amenities around the protected monuments concerned and so on. The size and nature of such a fund may be suggested by a Committee consisting of officers from NMA, ASI, Pune Metro Rail Corporation Ltd. and other stake-holders, and such a Committee may also suggest the works to be taken up and monitor the same. This Committee will be formed immediately, headed by Regional Director (West), ASI and the officers to be nominated shall be senior officers of the level of atleast Director rank. This Committee can also examine the best practices followed at other places for drawing up their plans.

- (iv) Necessary sanction prior to carrying out the proposed construction, may be obtained as per the local laws from the local authorities.
- (v) A certificate will be submitted to the Competent Authority on completion of proposed construction that all the conditions of the permission have been complied with.
- (vi) Pune Metro Rail Corporation Ltd shall support, cooperate and participate in all activities and programmes of ASI, which are helpful in preservation, conservation, security, up-keep and maintenance of the protected monuments of the locality.
- (vii) The Heritage Bye-laws of the protected monuments of the locality shall be complied with once they are approved.
- (viii) This recommendation is only with reference to the present proposal of Pune Metro Rail Corporation Ltd.
